- [Kean University](#)
- [New Jersey City University](#)
- [Rowan University](#)
- [Stockton University](#)
- [William Paterson](#)

Engage NJ CEO, Dr. Saul Petersen, explained, “Over the past decade in New Jersey, nearly 50 AmeriCorps members served in Engage NJ AmeriCorps programs, recruiting over 6,000 college volunteers who dedicated over 140,000 hours to fighting against inequality in historically disenfranchised communities, helping over 400 businesses and over 2,000 youths to succeed.”

ENGAGECorps is the largest AmeriCorps VISTA on college campuses in New Jersey. ENGAGECorps will focus on high school completion, keeping our democracy resilient, increasing college students' overall health, and educating developing minds about human impacts on climate change in our most marginalized communities. With our allies, we are hiring 19 AmeriCorps Members who will serve full-time for one year at higher education institutions and nonprofits – recruitment takes place through June 2022. For more information, or for an interview, please contact executive director Dr. Saul Petersen at saul@engagenj.org
