- [William Paterson University](#)

Engage NJ CEO, Dr. Saul Petersen, explained, “Nearly 60 AmeriCorps members have served in Engage NJ programs, recruiting over 7,000 college volunteers who dedicated over 150,000 hours to fighting against inequality in historically disenfranchised communities, and helping over 500 businesses and over 2,000 youths to succeed.”

ENGAGECorps is the largest AmeriCorps VISTA on college campuses in New Jersey. ENGAGECorps will focus on high school completion, keeping our democracy resilient, increasing college students’ overall health, and educating developing minds about human impacts on climate change in our most marginalized communities. With our allies, we are hiring 13 AmeriCorps Members who will serve full-time for one year at higher education institutions and nonprofits – recruitment takes place through June 2023

## ABOUT US

ENGAGE NJ is a higher education presidents’ nonprofit coalition operating since 2011 with members right across the state, public, private, 2-year, 4-year, devoted to equipping students with the competencies to thrive in 21<sup>st</sup>-century life and work.
